President's Message

Prof. (Dr.) Raj Nehru

President, Utsav Foundation

Dear Friends and Supporters,

Utsav Foundation is transforming the lives of underprivileged children by turning access into opportunity and potential into achievement.

The year 2025–26 has been a testament to our growing impact. With 404 students enrolled, including 130 learners under OBE/NIOS across levels, we continue to expand inclusive and flexible education pathways. Beyond academics, our commitment to dignity and well-being remains strong through free food, uniforms, and books, along with targeted nutrition support for children below recommended health benchmarks.

This year, our students not only excelled in creative and sporting pursuits—securing top honors in the Zomato Feeding India Painting Competition and achieving success in KPL—but also took meaningful steps toward livelihoods. We are proud that some of our students have been employed by Concentrix, reflecting the real-world outcomes of our efforts.

A significant milestone was the launch of the AI application by the Hon'ble Chief Minister, with Utsav Foundation actively supporting its implementation under the VISION program, reinforcing our commitment to future-ready learning.

Collaborations with institutions like SVSU and support from partners such as Concentrix, Canara HSBC, Roop Auto, Roop Polymers, Altudo, Joyson, Admiral, Hitachi, Alcabew and Artemis Hospital have strengthened our initiatives across education, health, and digital access. This year more than 300 parents attended the ParentvTeacher meet.

We extend our heartfelt gratitude to all our supporters and sponsors whose continued trust and generosity make this journey of transformation possible.

Warm regards,

Overview

Utsav Foundation is a non-profit organization dedicated to transforming the lives of underprivileged communities through education and holistic development initiatives. Founded with a vision to provide quality education to those in need, we have since expanded our efforts to encompass a wide range of programs. Our initiatives now include skill development programs aimed at enhancing employability, livelihood and entrepreneurship programs to promote self-reliance, health and nutrition services to ensure overall well-being, and karmic initiatives to encourage community engagement and giving back.

The ultimate goal of Utsav Foundation extends far beyond basic literacy. It aspires to prepare these children for different levels of open schooling, providing a pathway to higher education. The foundation also places a strong emphasis on girl child empowerment by ensuring equal access to education, opportunities, and personal development. Through education, mentorship, and skill-building initiatives, it encourages girls to become confident, independent, and active contributors to their families and communities. More than just academic excellence, the foundation is committed to equipping them with indispensable life skills, and nurturing qualities that go beyond the classroom and into the fabric of their daily lives.

Vision

To transform and empower the Weakest, Poorest, and the most Vulnerable children and youths of our society into respectable citizens and help them to live a life with dignity through a sustainable livelihood.

Mission

To develop model education and skill development centers near the slum areas and provide quality education, enablement through open schooling, and job-related skilling for a sustainable and dignified living.

Our Journey So Far

Utsav Foundation began its transformative journey on 19th June 2016 in a modest one-room space in the village of South City 1, Silokhra, Gurugram. With a clear mission to provide free education and skilling to underprivileged children, the foundation set out to empower society's most vulnerable members with the tools to lead lives of dignity, independence, and purpose.

From an initial batch of just 10 students, the foundation has grown significantly and now proudly supports over 450 children as of 2026. It continues to offer free access to quality education, along with books, notebooks, uniforms, stationery, digital devices, and—most importantly—a nurturing environment where children are encouraged to dream big and grow holistically.

Over the years, Utsav has evolved from a one-room facility to a fully operational six-room education centre, equipped with LCDs, computers, blackboards, music systems, and CCTV-enabled classrooms. The centre further strengthened its learning ecosystem with the Science Lab established in 2024, promoting hands-on, STEM-based education and nurturing curiosity among students.

A key advancement has been the establishment of a dedicated Computer Lab, where students receive hands-on training in computer graphics, programming, and web development. This initiative continues to empower students with essential digital skills, preparing them to thrive in an increasingly technology-driven world. Alongside academic development, Utsav has also focused on the overall well-being of students by conducting regular yoga and meditation sessions, helping them build discipline, focus, and emotional resilience.

In recent years, Utsav Foundation has expanded its outreach through continuous community mobilization and awareness drives in underserved areas of Gurugram. Counselors and volunteers actively engage with families to bring out-of-school children into the education system. Many of these children, who had never attended formal schooling, have successfully transitioned from basic literacy to structured academic learning through Utsav's inclusive and child-friendly teaching approach.

A significant pillar of Utsav Foundation's journey has been the continuous support of Concentrix, which has stood alongside the organization since its early years. Their consistent involvement through various initiatives, including educational support, student engagement programs, infrastructure development, and recognition of student achievements, has played a crucial role in strengthening Utsav's impact. This long-standing partnership reflects a shared vision of empowering underprivileged children and creating sustainable change in the community.

Strengthening its commitment to bridging the digital divide, Utsav continued its technology-driven initiatives with the support of partners like Canara HSBC, providing students with access to digital learning tools such as tablets and computer-based education. This has enabled students to explore new learning opportunities, improve digital literacy, and stay connected with modern educational resources.

The foundation has also witnessed growing collaboration with corporate partners and institutions, including organizations such as Altudo, BMW India Foundation, and Smile Foundation. These partnerships have supported various initiatives including digital education, health camps, skill-building workshops, and festive engagement activities, enriching the overall learning experience for students.

Building on its vision to nurture innovation, the VISION platform continues to support student-led ideas through mentorship, exposure, and guidance. Students are encouraged to think creatively, solve real-world problems, and develop confidence in their abilities, preparing them to become responsible and capable future leaders.

In addition to education, Utsav has strengthened its focus on holistic development through initiatives such as health check-up camps, nutrition support programs, sports activities, and environmental drives like tree plantation campaigns. These efforts ensure that children grow not only academically but also physically, socially, and emotionally.

Utsav Foundation has played a pivotal role in mainstreaming education for underprivileged learners through the National Institute of Open Schooling (NIOS) and Open Basic Education (OBE) programs. Between 2021 and 2026, a growing number of students have enrolled across different academic levels, with many successfully completing their education and moving towards higher studies and career opportunities. The foundation continues to support students throughout their academic journey, ensuring continuity in learning and personal growth.

Today, Utsav Foundation stands as a strong example of how dedication, community support, and a clear vision can transform lives. From a single-room initiative to a thriving educational ecosystem, the journey of Utsav reflects resilience, impact, and an unwavering commitment to creating a brighter and more inclusive future for every child.

Concentrix – Our Strongest Pillar of Support

concentrix

Mr. Ravinder Singh Rana
EVP – Chief Business Officer -
India, Southeast Asia and ANZ
Client Success at Concentrix

We sincerely thank Mr. Ravinder Singh Rana for his inspiring leadership and unwavering support in empowering young minds and strengthening Utsav Foundation's mission.

At Utsav Foundation, our journey of growth and impact has been shaped by the generosity, vision, and unwavering commitment of our partners. Among them, Concentrix stands as the single largest driving force behind our mission, enabling us to transform the lives of hundreds of children from marginalized backgrounds.

Over the years, Concentrix has not only extended financial assistance through its robust CSR initiatives but has also demonstrated a deep personal investment in our cause. A significant portion of the funds and resources that empower Utsav Foundation's programs have been made possible by their sponsorship. Their contributions go far beyond financial aid—they have consistently ensured that every essential requirement of our institution is met, whether it is infrastructure, educational tools, technology upgrades, or day-to-day operational needs.

For Utsav Foundation, Concentrix is more than a sponsor; they are a partner in our vision, a pillar that sustains our efforts, and a catalyst for change. Together, we are not just supporting education—we are nurturing dreams, enabling opportunities, and creating a legacy of hope for generations to come.

SPONSORSHIP STORY

From Vision to Reality: Concentrix's Role in Utsav Foundation's Growth

concentrix

Since the inception of Utsav Foundation in 2015-2016, Concentrix has been an unwavering partner, standing beside us from our earliest days. At a time when we were laying the first stones of our mission to educate underprivileged children, Concentrix stepped forward to provide not just financial assistance, but the complete support system we needed to turn vision into reality.

From classrooms to technology, from essential learning tools to infrastructure, Concentrix ensured that every requirement was met so that education could reach those who needed it most. Their contribution was not confined to academics alone—they extended their support across multiple fields, empowering our institution to grow holistically.

Every year, Concentrix sponsors approximately 300 children at Utsav Foundation, making them our largest and most consistent supporter. Their investment is not merely in numbers, but in the future of hundreds of young minds whose lives are transformed through education, mentorship, and opportunity.

One of the most remarkable examples of their impact is in our flagship initiative, Project VISION—a groundbreaking platform that empowers youth-led innovations across India. Through Concentrix's generous funding, we have been able to support 8 exceptional student-led teams from diverse institutions nationwide. These young innovators are addressing real-world challenges through technology, social awareness, and sustainable development, creating solutions with the potential to change communities.

For Utsav Foundation, Concentrix is more than a sponsor—they are a cornerstone of our journey, a partner who shares our mission, and a driving force behind the dreams of countless children. Together, we are not just changing lives; we are shaping a future filled with promise, progress, and hope.

Nourishing Futures with Utsav Foundation

Zomato Feeding India has been a vital partner in Utsav Foundation's mission, ensuring that no child's education is interrupted by hunger. Their support reaches every student in our center, giving them the nutrition they need to learn and grow.

Every school day, our children receive breakfast, lunch, and snacks, thoughtfully prepared to meet their nutritional needs. This consistent meal program keeps students energized and attentive throughout the day.

By addressing the basic need for food, Zomato Feeding India enables children to focus fully on their studies, without the worry of an empty stomach. It has become a powerful tool to improve attendance, participation, and academic performance.

Their contribution is more than just meals—it brings dignity, security, and a sense of care to children from underserved backgrounds. Each plate served is a step toward breaking the cycle of hunger and poverty.

Together, Zomato Feeding India and Utsav Foundation are creating a future where every child is well-fed, healthy, and ready to achieve their dreams. This partnership truly embodies the belief that when we feed a child, we feed their future.

Roop Polymers Supports Science Education

Roop Polymers Ltd.

Mr. Anil Jain , Managing Director at Roop Polymers Limited

We sincerely thank Mr. Anil Jain for his dedicated coordination and continuous support in driving the Science lab initiative forward with passion and purpose.

**Mr. Hitesh Jain
Director at Roop Polymers Ltd.**

We are deeply grateful to Mr. Hitesh Jain for his visionary leadership and unwavering commitment to empowering underserved children through meaningful educational opportunities.

With the generous support of Roop Polymers Limited, under the visionary leadership of Mr. Anil Jain (Managing Director) and Mr. Hitesh Jain (Director), Utsav Foundation is proud to unveil the Science Discovery Lab—a dynamic and interactive learning space dedicated to nurturing scientific curiosity and exploration among underprivileged children.

This state-of-the-art lab empowers students to engage deeply with the fundamental concepts of Physics, Chemistry, and Biology through practical experiments, models, and hands-on demonstrations. Equipped with modern tools and resources, the lab transforms traditional science education into an engaging, experience-based journey of discovery and learning.

The Science Lab is more than a facility—it is a catalyst for critical thinking, innovation, and academic excellence. It encourages students to ask questions, explore real-world applications, and gain a deeper understanding of scientific phenomena that impact their daily lives. The lab has already begun to inspire a new generation of future scientists, doctors, and engineers from marginalized communities who now dare to dream bigger.

Thanks to the unwavering support of Roop Polymers Limited, this initiative stands as a beacon of educational advancement, inclusivity, and empowerment. The Science Discovery Lab is a testament to what strong partnerships can achieve in shaping the future of young minds.

Roop Auto Supports Computer Education

Mr. Gaurav Jain, Trustee
Roop V.K. Jain Foundation

We sincerely thank Mr. Gaurav Jain for his dedicated coordination and continuous support in driving the Ankuram Lab initiative forward with passion and purpose.

Mr. Akash Shukla, Program Manager
Roop V.K. Jain Foundation

We are deeply grateful to Mr. Akash Shukla for his visionary leadership and unwavering commitment to empowering underserved children through meaningful educational opportunities.

Ankuram Lab

With the generous support of Roop Auto (VK Jain Foundation), Utsav Foundation proudly inaugurated the Ankuram Digital Literacy Lab—a cutting-edge facility designed to equip underprivileged children with essential digital and technological skills. This lab has become a cornerstone of our digital education initiative, providing students with hands-on learning in Python, Java, C++, Photoshop, block coding, and AI-Robotics.

Ankuram Lab is more than just a classroom—it is a space of innovation, exploration, and transformation. Through this lab, students not only learn programming and design but also develop logical thinking, problem-solving abilities, and confidence in using technology. The lab has opened new avenues for children from slum communities to imagine careers in tech, design, and innovation—fields they previously had little access to.

The initiative has already begun to show measurable impact, with increased student engagement, enthusiasm for coding, and improved academic performance across digital subjects. Thanks to Roop Auto (VK Jain Foundation), Ankuram stands as a symbol of possibility, progress, and partnership.

Corporate Support in Action

Utsav Foundation had the pleasure of welcoming Mr. Chris from Concentrix during a recent visit that marked a meaningful collaboration between corporate goodwill and grassroots impact. As part of their commitment to community development and digital empowerment, Concentrix generously donated laptops to support the education of underprivileged students at Utsav.

This thoughtful contribution is a significant step toward bridging the digital divide, enabling our students to enhance their computer literacy, access online learning resources, and gain hands-on experience with essential technology. During his visit, Mr. Chris interacted warmly with the children, observed ongoing classes, and expressed his admiration for the foundation's mission and the students' enthusiasm for learning.

The Utsav team is deeply grateful for Concentrix's support, which not only empowers students with tools for learning but also inspires them to dream bigger. Partnerships like these reinforce our vision of creating equal educational opportunities for all and bring us closer to building a more inclusive and tech-enabled future.

In a special collaborative event, Curry's and Concentrix invited students from Utsav Foundation and generously donated nine laptops to support their digital education. The donation aims to strengthen computer learning and provide students with access to modern technological tools. During the event, children interacted with professionals who encouraged them to explore careers in technology. This initiative significantly contributes to bridging the digital divide for underprivileged learners.

Dialysis Center at Gobind Hospital

A New Hope for Kidney Patients

Utsav Foundation, in collaboration with TATA Timken, has opened a modern Dialysis Centre at Gobind Hospital, Gurugram to provide affordable and quality treatment to patients in need.

The centre is equipped with advanced dialysis machines, RO water purification units, comfortable patient facilities, and 24×7 lab and pharmacy services. Designed to serve underprivileged and economically weaker patients, it ensures safe, hygienic, and compassionate care.

This initiative marks another step in Utsav Foundation's mission to make quality healthcare accessible for all, reducing the burden of kidney-related ailments in the community.

Home Visits: Understanding Every Child's Reality

To Understand, Support, and Uplift Every Child

Reaching Beyond Classrooms

At Utsav Foundation, we believe that true impact begins with understanding the lives of the children we serve. Our team of teachers, staff, and volunteers regularly conducts home visits and field surveys to connect with families, assess living conditions, and better understand each child's challenges and needs. These visits help us build trust with the community, monitor the well-being of our students, and tailor our support—academically, emotionally, and socially—to ensure no child is left behind.

Utsav Yog kendra

Yoga: A Daily Practice for Inner Strength and Balance

At Utsav Foundation, we strongly believe in nurturing not just the minds but also the bodies and spirits of our students. Recognizing the profound benefits of yoga in enhancing physical health, mental clarity, and emotional balance, we have integrated structured yoga sessions into our daily curriculum. Under the guidance of a certified and experienced yoga instructor, regular yoga classes are now being conducted for all students.

In the academic year, we took a significant step forward by introducing age-appropriate yoga modules across all grade levels—from Class 1 to Class 12. These sessions are designed to instill discipline, improve concentration, and promote holistic well-being. By embedding yoga as a part of the daily routine, we aim to equip our students with tools for lifelong physical fitness and inner calm, while also fostering a sense of mindfulness and self-awareness from an early age.

Success Stories

Learning Without Limits:

Utsav Foundation's Student Success Stories

1. Ayan – Class 6, Rotary Public School

Ayan, a bright young boy from an underprivileged background, received admission to Rotary Public School with full support from Utsav Foundation. Despite financial hardships, his eagerness to learn never faded. With access to quality education now secured, Ayan dreams of becoming a scientist. His smile reflects hope renewed. Utsav Foundation proudly walks with him on this journey.

2. Iqbal – BBA Hons , SVSU University, Palwal

Iqbal, a dedicated commerce student, was on the verge of dropping out due to financial struggles. Utsav Foundation stepped in to support his BBA Hons. studies at SVSU. Today, he not only excels in academics but also inspires others in his community to pursue higher education. His story is a testament to resilience when opportunity meets support.

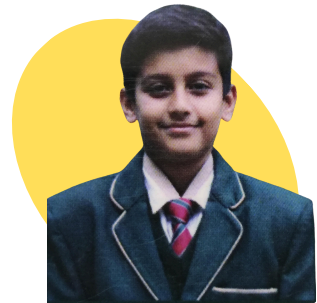

3. Disha Sharma – Class 10, Kundan Green Valley School, Faridabad

Disha always topped her class but was at risk of discontinuing school due to monetary constraints. Utsav Foundation ensured she stayed in school, covering her educational expenses. Now in Class 9, she continues to thrive and aspires to become a teacher. Her journey is a reflection of how timely help fuels big dreams.

4. Manan – Class 8 Ridge valley school, Gurugram

Manan's curiosity and brilliance stood out, but his family couldn't afford quality education. With the support of Utsav Foundation, he gained admission to Ridge valley School. Today, he actively participates in academics and extracurriculars, showing remarkable growth. Manan's progress proves how the right support can unlock a child's potential.
